iSquared Property Leasing

iSquared Property offers an exclusive service to professionals who seek appropriate accommodation for short periods while they attend to business, and to travellers wanting more than a hotel room during their visit.

Our short term accommodation leases are a highly valued service for visitors to Sydney, but they are also an important means of generating value for our clients. Our personal service guarantees that their property is not only well maintained, but also creates real value through short term leases.

For nearly 10 years iSquared has been helping us with our properties. Their service has always been consistent – reliable, proactive, flexible and honest.
